To all Delegations/Permanent Missions to the OSCE
To the OSCE Conflict Prevention Centre (CPC)

Questionnaire on Participating States' Policy and/or National Practices and Procedures for the Export of Conventional Arms and Related Technology

OSCE participating States are requested to provide details of:

1	<p>Their basic principles, policies and/or national practices on the export of conventional arms and related technology.</p> <p>It should be noted that Ireland does not have an indigenous arms industry.</p> <p>Exports of military goods from Ireland are subject to licensing requirements in accordance with national legislation.</p>
2	<p>Their national legislation governing the export of conventional arms and related technology. If applicable, report changes and/or updates to the data provided in 1995, including any relevant subsidiary legislation.</p> <p>Ireland's export controls are implemented on the basis of a Ministerial Order pursuant to the Control of Exports Act, 2008.</p> <ul style="list-style-type: none"> • Control of Exports (Brokering Activities, Goods and Technology) Regulations 2021 • Control of Exports (Brokering Activities, Goods and Technology) Order 2018
3	<p>Any international agreements or guidelines, other than OSCE commitments, covering the export of conventional arms to which they are a party.</p> <p>Ireland participates in the Wassenaar Arrangement, which controls the export of dual-use items and technologies, as well as military goods.</p> <p>Export applications in respect of conventional arms are assessed against Council Common Position 2008/944/CFSP defining common rules governing control of exports of military technology and equipment.</p> <p>Ireland is also party to the set of principles governing conventional arms transfers, which was adopted by the OSCE in November 1993.</p> <p>Ireland ratified the Arms Trade Treaty in April 2014.</p>
4	<p>The procedures for processing an application to export conventional arms and related technology:</p> <ul style="list-style-type: none"> - who is the issuing authority? - what other authorities are involved and what is their function? - who deals with compliance? <p>The Department of Enterprise, Trade and Employment (DETE) is the issuing authority and also deals with compliance. Other Government Departments or State entities may be consulted for views but DETE is the competent authority.</p>
5	<p>Lists of conventional weaponry under national export controls and the basis for their control. If applicable, report changes and/or updates to the data provided in 1995.</p> <p>The Department of Enterprise, Trade and Employment is responsible for issuing military export licences for all military goods and technology listed in the Control of Exports (Brokering Activities, Goods and Technology) Regulations 2021 and the European</p>

	<p>Communities (Intra-Community Transfers of Defence Related Products) (Amendment) Regulations 2018</p> <p>Exporters are obliged to submit a military export licence application and an End Use Certificate. In cases where the country of final destination is another EU Member State, an International Import Certificate is acceptable in place of an End Use Certificate. This documentation, together with any other relevant information available, is provided to the Department of Foreign Affairs for assessment of foreign policy, security, human rights and non-proliferation considerations. Other Departments or Agencies of the State may also be consulted if this is deemed appropriate by the Department of Enterprise, Trade and Employment. The Customs authorities have operational responsibility for enforcement.</p>
6	<p>Principles and national regulations on the destination or end-user of the equipment. Is there a complete <i>erga omnes</i> system or a published list of</p> <ul style="list-style-type: none"> - destinations of concern? - embargoed countries? - differentiation between destinations (e.g., is there any preferential treatment of (groups of) countries)? <p>Control of Exports (Brokering Activities, Goods and Technology) Regulations 2021 regulates exports of military items including conventional weaponry to third countries. The schedule of items listed in the Order is the EU Common Military List.</p> <p>European Communities (Intra-Community Transfers of Defence Related Products) (Amendment) Regulations 2018 provides for simplified transfers of defence related material within the EU.</p> <p>All export licence applications for military items are assessed on a case-by-case basis in consultation with the Department of Foreign Affairs. All applications are assessed having regard to EU and international sanctions and Council Common Position 2008/944/CFSP defining common rules governing control of exports of military technology and equipment.</p>
7	<p>Requirements for the provision of an end-user certificate in an export license application, or of non-re-exportation clauses, or of any other type of certification before and after delivery for conventional arms export contracts. If applicable, please specify any verification of the end-user certificate and/or non-re-exportation clauses before and after delivery.</p> <p>EUC is integral part of the licence application and a licence will no be issued without one. There is no requirement for certification of delivery. Re-export may not take place without the permission of the licensing authorities in the receiving country.</p>
8	<p>National definition of transit and transshipment (including free zones) of conventional arms, together with associated national legislation and compliance procedures.</p> <p><u>Transit:</u> There are three types of Transit:</p> <ol style="list-style-type: none"> (1) Community Transit: allows for the movement of goods within the customs territory of the Community; (2) Common Transit: allows for the movement of goods: between the Community, the EFTA Countries (i.e. Iceland, Norway, Switzerland and Liechtenstein) and between the EFTA Countries themselves;

	<p>The combined territories of the Community, and the EFTA Countries are known as the Common Transit Area, and</p> <p>(3) TIR: (Transport Internationaux Routiers) allows for the movement of goods internationally over one or more frontiers and where some portion of the journey between the start and end of the TIR operation is conducted by road.</p> <p>Legislation applying to Transit</p> <p>The principal legislation governing Community Transit and Status is contained in:</p> <p>(1) Council Regulation (EEC) No. 2913/92 (OJ L302 of 19/10/92) http://europa.eu.int/eur-lex/en/consleg/pdf/1992/en_1992R2913_do_001.pdf</p> <p>and</p> <p>(2) Commission Regulation (EEC) No. 2454/93 (OJ L 253 of 11/10/93) http://europa.eu.int/eur-lex/en/consleg/pdf/1993/en_1993R2454_do_001.pdf.</p> <p>The legislation governing Common Transit is contained in the Convention between the European Economic Community and the EFTA Countries on a Common Transit Procedure (OJ No. L226 of 13/8/87) http://europa.eu.int/eur-lex/lex/LexUriServ/LexUriServ.do?uri=CELEX:21987A0813(01):EN:HTML</p> <p>The principal legislation governing TIR is the TIR Convention 1975. http://www.unece.org/trans/bcf/tir/handbook/english/newtirhand/TIR-6Rev1EN_Convention.pdf</p> <p><u>Transshipment:</u> The customs procedure under which goods are transferred, under customs' control, from the importing means of transport to the exporting means of transport within the area of one customs office, which is the office of both importation and exportation.</p>
